

# Cash Vault Game Procedures

## Introduction

These are the Game Procedures for CASH VAULT (the "Game"). When the Game is played, the Rules for Scratchcard Games (the "Rules") and these Procedures apply. The Rules can be viewed at Retailers and on the National Lottery website at [national-lottery.co.uk](http://national-lottery.co.uk).

Any capitalised word or term in these Procedures that has a specific meaning will have the meaning given to it in these Procedures or the Rules (unless the context clearly indicates otherwise).

## Game details

Game Name: "CASH VAULT"

Game Number: "Game 1452"

Retail Sales Price: £5 per Scratchcard

There is a 1 in 3.39 overall chance of winning a Prize on each Scratchcard in this Game. There are 3,792,780 Scratchcards in the initial print run of this Game.

## How to play and win

The Play Area is made up of four sections, a box labelled 'SCRATCH HERE FIRST' (the "Your First Coordinate Box"), a grid labelled 'PLAYING GRID' (the "Playing Grid"), a Prize Table labelled 'COLLECTOR'S PRIZE TABLE' (the "Collector's Prize Table") and a box labelled 'MULTIPLIER BOX' (the "Multiplier Box").

The Your First Coordinate Box has one  motif. Under the coating of

the  motif is a Coordinate which is made up of the words 'GO TO' with one letter and one number (a "Coordinate Play Symbol").

The Playing Grid consists of thirty-five squares each of which corresponds to a Coordinate location on the Playing Grid. Each square contains a Coordinate which starts in alphabetical order from A (top row) to G (bottom row) and in numerical order from 1 to 5 (left to right) for each of the respective rows.

To play, scratch off the coating in the Your First Coordinate Box to reveal a Coordinate Play Symbol which corresponds to a Coordinate location on the Playing Grid. Under the coating of that Coordinate location on the Playing Grid, You will reveal Your next Coordinate location and/or a Collector Play Symbol which corresponds to a Play Symbol in the Collectors Prize Table on the left of the Playing Grid. Repeat this process to reveal Your next Coordinate location on the Playing Grid.

If You reveal a  Play Symbol with its matching Play Caption, You have finished the Game.

You will, providing the requirements of the Rules and these Procedures are met, win a Prize if, after scratching the coating of only those squares in the Playing Grid that have the corresponding Coordinates revealed from Your previous Coordinates (as shown on the previous Coordinate Play Symbol), You reveal three identical Collector Play Symbols with their matching Play Captions under the coating in the Playing Grid. The Prize will be equal to the monetary amount as shown in the Collector's Prize Table next to the corresponding Symbol which matches the three Collectors Play Symbols revealed in the Playing Grid (in accordance with the above process).

Players can win up to 5 times on a Scratchcard.

### Prize Value In the Game

The total value of Prizes in the initial print run of Scratchcards for the Game represents 70.91% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £13,446,380.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Allwyn's Computer System before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Allwyn without knowledge of whether they are Prize bearing Scratchcards), or additional print run(s) of Scratchcards for the Game. Providing a top Prize remains available Allwyn may print further Scratchcards for this Game. If a further print run of Scratchcards for this Game is made, then, for the Scratchcards produced in that further print run, the overall odds of winning a Prize at each Prize tier level will be, allowing for the tolerance levels as specified in the table above, the same as in the initial print run of Scratchcards for the Game.

### General

In the event of any conflict between the Rules, the Procedures and any other information issued by Allwyn in relation to this Game, the Rules will take priority followed by the Procedures and then any other information issued by Allwyn.
